

# NewsBank NewsFile Collection

*NewsBank NewsFile Collection is a comprehensive, full-text news resource consisting of regional, national and international sources. Its regional articles offer a valuable benefit to researchers and students by providing primary source coverage of current issues and events. With more than 500 sources covering current news, patrons can easily access varying perspectives on a wide variety of topics, including social issues, economics, environment, health and science, government and sports. NewsBank NewsFile Collection also provides news articles and reviews on theater, film, art, music, literature and TV, as well as biographical articles on individuals, professions and vocations.*

## NewsBank NewsFile Collection offers:

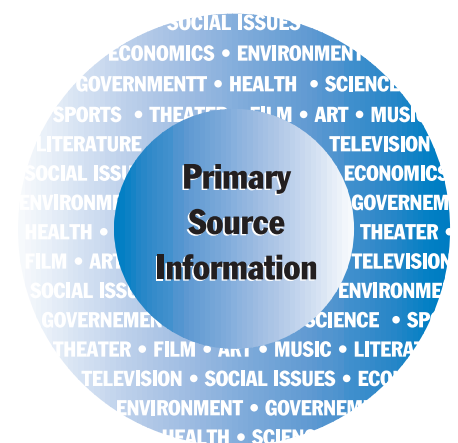

- Approximately 450,000 articles selected from over 500 newspapers, newswires and transcripts
- 70,000 articles per year
- Articles and sources selected for maximum research value
- Graphics including maps, illustrations, charts and tables
- Single-search capability across current and retrospective information (1992-present)
- Comprehensive coverage across all topical and subject areas
- Opposing viewpoints that encourage analysis and critical thinking
- Two search levels catering to the skill levels of novice and experienced users
- Unique regional perspectives on local and national issues
- Information that enables users to track issues and trends over time
- Coverage of the arts, including: literature, theater, film, music, television, and more
- Coverage of names in the news, including: actors, politicians, industry leaders, U.S. Presidents, athletes, and more.

Like all NewsBank resources, *NewsBank NewsFile Collection* is supported by NewsBank's superior Customer Service team. NewsBank specialists are available to answer all of your questions concerning technical issues, product use, billing and shipping. In addition, each customer is regularly contacted by a NewsBank representative to ensure that we are continuing to meet your research or instructional needs.
